SALES—SERVICE—MAINTENANCE

Welcome to the first edition of Prime Boats Australia's occasional e-mail newsletter.

In this e-mail you will find information about our products and services, innovations and current offerings.

For the latest information, you can always visit our website at www.primeboats.com.au.

2005 Nationals

Prime Boats Australia will be taking a trailer from Victoria to the Australian National Championships at Penrith, NSW, (March 7-13). Boats can be picked up and delivered from your location and the trailer will be in Penrith for the duration of the Championships. Leaving Geelong early Monday 7 March 2005 to arrive Monday night. For more information, please do not hesitate to contact us. **Contact number during the Nationals: TOM PRIME 0414 491200.**

End of Season Maintenance

With the end of the season approaching, now would be a good time to organise your fleet maintenance programs to ensure your equipment is ready for the first day of season 2005-2006. Prime Boats Australia is able to complete all of your maintenance requirements and will be able to collect boats from Head of Schoolgirls and many of the later regattas. We will be offering package deals to Clubs and Schools

If you aren't going to be at the regattas, Prime Boats Australia is able to visit your club, offer indicative prices and pickup and return your boats.

With over 30 years' experience in the maintenance of boats, we are sure to exceed your expectations.

Injected-Nylon Clog Stretchers

We have just developed a clog stretcher that is constructed from nylon. These stretcher boards are more resistant to the elements and do not require regular varnishing as the traditional ply does. They are also a cheaper alternative.

Second-hand Boats

Good quality second-hand boats are part of our business, too. We have a 4-to-5-year-old Sykes Regulation Four with sweep and quad riggers. Excellent condition. Priced to sell at \$8000 (+ GST).
